

Bylaws Committee (ad-hoc)

The Bylaws Committee is a temporary/ad-hoc committee formed annually by the Executive Committee and tasked with review of the Chapter's conformance with the Chapter Bylaws. The Committee recommends changes as required to the Board and disbands when all required changes have been made to the documents. It is entirely possible that no changes will be necessary to this core document.

The Executive Director is a prime resource for the Bylaws Committee. As with all activities under the Chapter's umbrella, actions of this Committee are subject to resource constraints and Board approval.
